

When Asteroid hit earth

Crisis Coming in April of 2029

NASA scientist predicts a giant Asteroid from space will enter earth atmosphere on April 13th 2029 and will pass our earth orbit knocking down our satellites in space, it was spotted in year 2004 by NASA and named Apophis after the Egyptian god of chaos and destruction.

When Earth will be hit

From Deep space

Earth habitants prepare for worse!

**Prepare for a mandatory vaccination and 666 chip implant
in Year 2030 when it happens**

Revelation chapter 8 verses 7- 12
Has written on this wormwood prophecy?

This revelation just confirms what the bible has indicated in

Revelation 8: 8- 12

8 And when he had opened the seventh seal, there was silence in heaven about the space of half an hour. ²And I saw the seven angels which stood before God; and to them were given seven trumpets. ³And another angel came and stood at the altar, having a golden censer; and there was given unto him much incense, that he should offer *it* with the prayers of all saints upon the golden altar which was before the throne. ⁴And the smoke of the incense, *which came* with the prayers of the saints, ascended up before God out of the angel's hand. ⁵And the angel took the censer, and filled it with fire of the altar, and cast *it* into the earth: and there were voices, and thunderings, and lightnings, and an earthquake. ⁶And the seven angels which had the seven trumpets prepared themselves to sound.

⁷**The first angel sounded**, and there followed hail and fire mingled with blood, and they were cast upon the earth: and the third part of trees was burnt up, and all green grass was burnt up.

⁸**And the second angel sounded**, and as it were a great mountain burning with fire was cast into the sea: and the third part of the sea became blood; ⁹and the third part of the creatures which were in the sea, and had life, died; and the third part of the ships were destroyed.

¹⁰**And the third angel sounded**, and there fell a great star from heaven, burning as it were a lamp, and it fell upon the third part of the rivers, and upon the fountains of waters; ¹¹and the name of the star is called Wormwood: and the third part of the waters became wormwood; and many men died of the waters, because they were made bitter.

¹²**And the fourth angel sounded**, and the third part of the sun was smitten, and the third part of the moon, and the third part of the stars; so as the third part of them was darkened, and the day shone not for a third part of it, and the night likewise.

God opened the Apostle John's Eyes to see this End Time event of Revelation 8: 7-12

The Wormwood prophecy

**The First 4 trumpets are
the 4 stages of the
Asteroid in the eyes of
Astronomers**

First Trumpet: Vegetation Struck

⁷The first angel sounded: And hail and fire followed, mingled with blood, and they were thrown to the ^[a]earth. And a third of the trees were burned up, and all green grass was burned up.

The first trumpet talks about the first debris just broken off from the oncoming asteroid and it falls in the forests and 1/3 of the trees are burned, imagine the impact of the smoke covering the sky from 1/3 of the forests burning, some debris will fall in Europe, some in America and Africa forests, Asia igniting a global forest burning crisis, and dark thick smoke and heat waves across the world will be something never seen before.

The air will be so contaminated that people will hardly breathe. We have examples in Australia where people died when forest burnt as the air become toxic, this will repeat people will die

Second Trumpet: The Seas Struck

⁸Then the second angel sounded: **And something like a great mountain burning with fire was thrown into the sea**, and a third of the sea became blood. ⁹And a third of the living creatures in the sea died, and a third of the ships were destroyed.

The second trumpet talks of another huge rock as a mountain just broken from the coming asteroid and it falls into the sea. It will create a Tsunamis reaction never seen before where most islands will be covered killing millions within coastal areas, ships in the seas will be destroyed, life in the seas destroyed, This will trigger earthquake's and volcano eruptions, vapor from the sea will fill the jet stream causing rainfall and landslides and a change in the weather paten. Scientists predicts this asteroid will create a 30 meters high a wall of water or 3 kilometers high wall, it will destroy life in the cities within the coastal area

Impact of Asteroid

<https://www.youtube.com/watch?v=e96hbCGIZfc>

The Asteroid Apophis might cause a massive tsunami wiping out west coast of North America

Famous astrophysicist Neil deGrasse Tyson, in an episode of his podcast 'Cosmic Queries' discussed a threat posed by giant asteroids heading towards the Earth. In conversation with science author and cosmochemist Natalie Starkey, Tyson warned that a 370-metre wide near-Earth asteroid Apophis 99942 might spark a major tsunami that can wipe out the entire west coast of North America if it manages to hit the Earth.

Asteroid Apophis can cause Massive Tsunami if it ever collides with Earth

<https://in.mashable.com/science/5467/asteroid-apophis-can-cause-massive-tsunami-if-it-ever-collides-with-earth>

The Indian Express

<https://indianexpress.com/article/technology/science/neil-degrasse-tyson-warns-of-asteroid-tsunami-wiping-out-west-coast-of-north-america-5882115/>

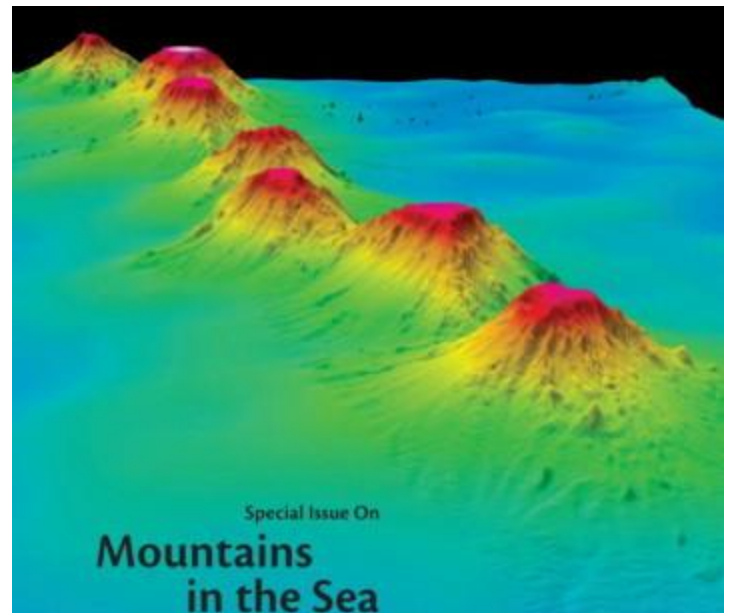

The bible says from this act

A third of the living creatures in the sea died, and a third of the ships were destroyed.

ACCORDING TO RESERCH Undersea volcanic activity triggered a mass extinction of marine life and buried a thick mat of organic matter on the sea floor about 93 million years ago, which became a major source of oil, according to a new study

During this event, under sea volcanos will erupt

Aquatic life can be affected by an increase in acidity, increased turbidity, change in temperature

The picture here is the volcanic mountains at the bottom of the sea, the force of the asteroid will trigger this volcanos which will results to the sea water becoming ACIDC

Underwater Eruption Strews Ocean Surface with Dead Fish

THE EVIDENCE of underwater volcano that erupted near the Canary Islands off the coast of Africa is giving scientists a closer look at how ocean ecosystems could respond to climate change, from dying fish to adapting plankton. The ecosystem responded much as the researchers would have expected to the high temperatures and changes in acidity caused by the [uneasy volcano](#) south of El Hierro island. But the strength of the response was a surprise, study researcher Eugenio Fraile-Nuez of the Instituto Español de Oceanografía in Spain told LiveScience. "The physical and chemical response of the system was predictable, but we never have imagined that we would reach this magnitude," Fraile-Nuez said. The eruption killed or drove away all of the fish in the region (though many were seen floating dead on the ocean's surface), the researchers found. Some phytoplankton, or the floating plants that sit at the bottom of the ocean food chain, were able to adapt.

<https://www.livescience.com/21396-underwater-volcano-eruption.html>

https://en.wikipedia.org/wiki/Volcanic_impacts_on_the_oceans

Third Trumpet: The Waters Struck

10 Then the third angel sounded: And a great star fell from heaven, burning like a torch, and it fell on a third of the rivers and on the springs of water. **11** The name of the star is Wormwood. A third of the waters became wormwood, and many men died from the water, because it was made bitter.

Our water sources will be affected by this star called wormwood, it will fall into the rivers and springs of water causing death from water contaminating. After earth is hit, Volcanos will erupt, most will spill lava in the fresh waters, both underground water and flowing fresh rivers. There are **about 1,350 potentially active volcanoes worldwide**, aside from the continuous belts of volcanoes on the ocean floor at spreading centers like the Mid-Atlantic Ridge. After earth impact most of these volcanos will erupt spilling Lava into fresh waters, the bible indicates people will die from this water contamination

Lava spilling into the sea

Volcano eruption under the sea

Fourth Trumpet: The Heavens Struck

¹² Then the fourth angel sounded: And a third of the sun was struck, a third of the moon, and a third of the stars, so that a third of them were darkened. A third of the day did not shine, and likewise the night.

The fourth trumpet explains, about the dust rising from earth, after earth impact with the asteroid, smoke from burning trees, the fog from volcano eruptions, smoke from evaporation from the sea, will create a huge smoke never seen before in the jet stream that will cover the sun and moon for weeks and months, as our air will remain polluted for some time, **world leaders will use this to sell vaccination, and the agenda of chipping all humans in year 2030**

Sky covered by clouds

Smoke able to cover the sky as the bible predicts must be very huge smoke from many volcanos eruptions

Smoke from volcanic eruption

Smoke from volcanic eruption

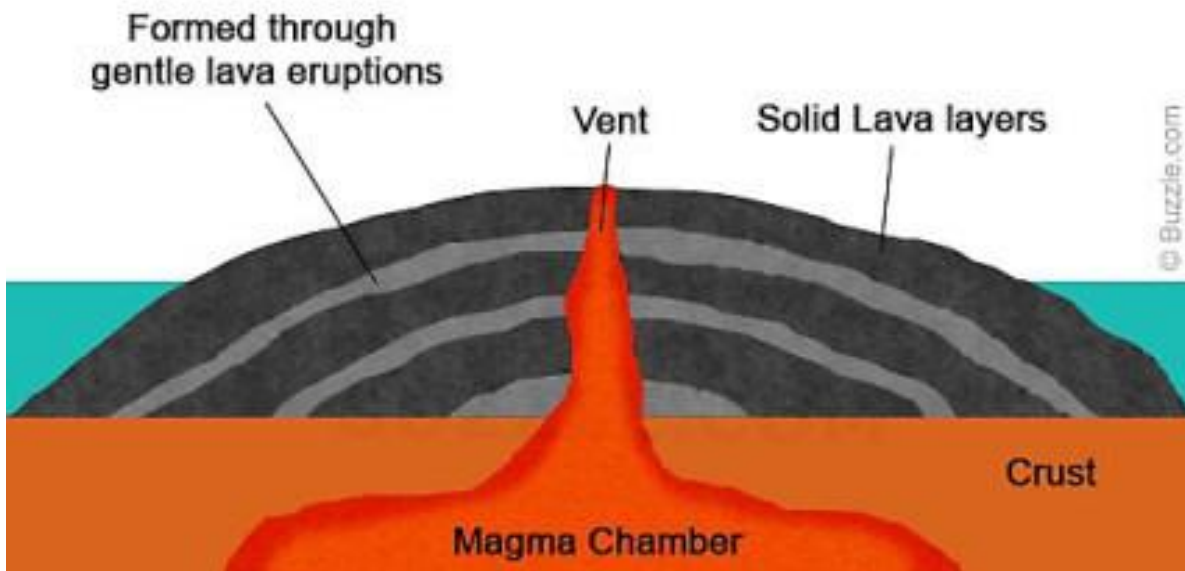

Smoke from volcanic eruption

Volcano lava spilling into the sea

<https://victormatara.com/list-of-volcanic-mountains-in-kenya/>

Kenya has 31 Volcanos, I hope in 2029 kenya will not be engufed with cabon dioxide, but with the sins in kenya, you don't stand achance and with all these volcanos in kenya, kenya will be in acrisis

The UN and the illuminati will take advantage of the situation to force the 666 chip implant

After earth has been hit, there will be too much volcanic gases in the air, gases that pose the greatest potential hazards are **sulfur dioxide, carbon dioxide, and hydrogen fluoride**. Locally, sulfur dioxide gas can lead to acid rain and air pollution downwind from a volcano. These gases can come from lava flows as well as a volcano that erupts violently

About Volcanic Gases

Volcanic gases can be harmful to health, vegetation and infrastructure

<https://www.usgs.gov/natural-hazards/volcano-hazards/volcanic-gases>

Magma contains dissolved gases, which provide the driving force that causes most volcanic eruptions. As magma rises towards the surface and pressure decreases, gases are released from the liquid portion of the magma (melt) and continue to travel upward and are eventually released into the atmosphere. Large eruptions can release enormous amounts of gas in a short time. The 1991 eruption of Mt. Pinatubo is thought to have injected more than 250 megatons of gas into the upper atmosphere on a single day. However, even if magma never reaches the surface, gases can often escape continuously into the atmosphere from the soil, volcanic vents, fumaroles, and hydrothermal systems.

By far the most abundant volcanic gas is water vapor, which is harmless. However, significant amounts of carbon dioxide, sulfur dioxide, hydrogen sulfide and hydrogen halides can also be emitted from volcanoes. Depending on their concentrations, these gases are all potentially hazardous to people, animals, agriculture, and property.

Carbon dioxide (CO₂) trapped in low-lying areas can be lethal to people and animals

Carbon dioxide constitutes approximately 0.04% of the air in the Earth's atmosphere. In an average year, volcanoes release between about 180 and 440 million tonnes of carbon dioxide. When this colorless, odorless gas is emitted from volcanoes, it typically becomes diluted to low concentrations very quickly and is not life threatening. However, because cold carbon dioxide gas is heavier than air it can flow into in low-lying areas where it can reach much higher concentrations in certain, very stable atmospheric conditions. This can pose serious risks to people and animals. Breathing air with more than 3% CO₂ can quickly lead to headaches, dizziness, increased heart rate and difficulty breathing. At mixing ratios exceeding about 15%, carbon dioxide quickly causes unconsciousness and death. This is the situation may regions of earth will experience once earth is hit, remember the prophecy, 1/3 of the sun could not shine, this means 1/3 of the world will be affected by this volcanic gasses.

Sulfur dioxide (SO₂) is irritating to eyes, skin and respiratory system

Sulfur dioxide is a colorless gas with a pungent odor that irritates skin and the tissues and mucous membranes of the eyes, nose, and throat. SO₂ emissions can cause acid rain and air pollution downwind of a volcano—at Kilauea volcano in Hawaii, high concentrations of sulfur dioxide produce volcanic smog (VOG) causing persistent health problems for downwind populations. During very large eruptions, SO₂ can be injected to altitudes of greater than 10km into the stratosphere. Here, SO₂ is converted to sulfate aerosols which reflect sunlight and therefore have a cooling effect on the Earth's climate. They also have a role in ozone depletion, as many of the reactions that destroy ozone occur on the surface of such aerosols.

Hydrogen sulfide (H₂S) is very toxic in high concentrations

Hydrogen sulfide is a colorless, flammable gas with a strong, offensive odor. It is sometimes referred to as sewer gas. Interestingly, the human nose is more sensitive to H₂S than any gas monitoring instrument we have today: air mixtures with as little as 0.000001% H₂S are associated with a rotten egg smell. Unfortunately, however, our sense of smell is not a reliable alarm - at mixing ratios above about 0.01%, H₂S becomes odorless and very toxic, **causing irritation of the upper respiratory tract and**, during long exposure, pulmonary edema. Exposure to 500 ppm can cause a human **to fall unconscious in 5 minutes and die in an hour or less**. Prophecy says people will die, such gases will be the causes. This is what will push the UN to say humans' have been contaminated and need vaccinated against Covid 2019 and all should keep two meters

Hydrogen halides (HF, HCl, HBr) are toxic acids

When magma ascends close to the surface, volcanoes can emit the halogens fluorine, chlorine and bromine in the form of hydrogen halides (HF, HCl and HBr). These species have high solubility; therefore they rapidly dissolve in water droplets within volcanic plumes or the atmosphere where they can potentially cause acid rain. In an ash-producing eruption, ash particles are also often coated with hydrogen halides. Once deposited, these coated ash particles can poison drinking water supplies, agricultural crops, and grazing land. That is why Prophecy says and the water was made bitter and many men died for its poisoning, from that prophecy, the volcanic eruption will play a great role in 2029 crisis, by contaminating the air and poisoning the waters.

<https://www.usgs.gov/natural-hazards/volcano-hazards/volcanic-gases>

The impact of the coming Asteroid Aphosis

- Its size 370 meters wide – 4 football stadiums
- Traveling at a speed of 28,000 miles per hour toward earth
- Weigh 20,000,000 metric tons
- Will knock out our satellites in space
- Its impact on earth is equivalent to 2,000 nuclear bombs detonated at the same time
- Predicted to hit border of Mexico and California in April 13th 2029
- Shock waves to be felt all over the world.

What would happen when an asteroid hit earth from experts ?

Effects: If the **asteroid hits** on land, there would be a huge amount of dust thrown up into the atmosphere. If it **hits** in water, then there would be an increase in water vapor in the atmosphere. This would result in an increase in rain resulting in landslides and mudslides.

Asteroid Impact - (UCMP), Berkeley this is what we should expect in 2029

https://ucmp.berkeley.edu/education/dynamic/session5/sess5_asteroid.htm#

What NASA says about Asteroids?

About once a year, an automobile-sized **asteroid** hits **Earth's atmosphere**, creates an impressive fireball, and burns up before reaching the surface. ... Space rocks smaller than about 25 meters (about 82 feet) will most likely burn up as they enter the **Earth's atmosphere** and cause little or no **damage**. But What about the one coming in 2029, size 370 meters?

https://www.nasa.gov/mission_pages/asteroids/overview/fastfacts.html

National Geographic

When a meteoroid **enters** the **Earth's upper atmosphere**, it heats up due to friction from the air. The heat causes gases around the meteoroid to glow brightly, and a meteor appears.

<https://www.nationalgeographic.org/encyclopedia/meteor/>

Possible impact effects of the coming Astreoid Apophis

The Sentry Risk Table estimates that Apophis would impact Earth with kinetic energy equivalent to 1,200 megatons of TNT. The impacts that created Meteor Crater, Arizona about 50,000 years ago and the Tunguska event of 1908 are estimated to be between 3–10 megatons.

<https://www.space.com/elon-musk-asteroid-apophis-and-planetary-defense.html>

How do you calculate the impact of an asteroid?

The more energy is released, the more damage is likely to occur on the ground due to the environmental effects triggered by the impact. Such effects can be shock waves, heat radiation, the formation of craters with associated earthquakes, and tsunamis if water bodies are hit. That is exactly what will happen when earth will be hit in year 2029

The Evil coming in Year 2030

God will permit the asteroid to hit earth in order to allow the illuminati and Satan's end time plan of chipping humans to be accelerated so God's plan He promised the saints and the prophets to be fulfilled. The dust released by the Asteroid collision with earth, gases, smog and smoke from burning forests will blacken our atmosphere. Death will be experienced through gases contamination the illuminati, the scientist, the UN will use it as an excuse to force all humans to be medicated through the chip implant as prove one has been medicated so not to transfer sickness to others. In 2020 they sold fear and we were afraid of each other, in year 2029- 30 it will be worse you will not manage to come out of the house if not medicated and chipped, woe to those who will be in cities by year 2030. The bible says and he forces every person to be chipped and none to trade if they have no chip (Revelation 13:17), do you see how it will happen, the 2029 event will call for a global forced chipping and none will enter any supermarkets, or bank if not medicated and chipped with 666, we have 7 years from year 2022. Every pastor should be preparing his church members on how to survive that evil event coming by year 2030 by helping them buy farm lands in rural areas build small houses so to survive instead of wasting their money in building mega churches that will be permanently closed, as without 666 chip implant you will not worship.

We have only 7 years to preach

Why 7 years?

- ❖ Jesus said the generation that shall be on earth to witness the rebirth of the nation of Israel shall see the end time
- ❖ Israel got its full power in 1967 during the 6 day war, when they took east Jerusalem and planted flag for the first time after 2,000 years. This is when the fig tree blossomed
- ❖ Jesus said the generation that shall be on earth then, during the rebirth of Israel shall witness the end time. Our generation is marked for 70 years, the timeline of a KING.
- ❖ When you add 1967 + 70 years we reach Year 2037
- ❖ The New world Order or the Antichrist kingdom will be established on earth officially in year 2030
- ❖ Antichrist comes to power in year 2030 and signs the 7 years peace pack
- ❖ The Antichrist comes to power at age 30 just as the same age of Jesus in year 2030 and signs the 7 years pack that ends earth in year 2037 the same Jesus timeline.

- ❖ Year 2030 + 7 Years pace pack = Year 2037
- ❖ Our world will End in year 2037

COVID 29

For students of prophecy you know what John the Apostle wrote to us about the WORMWOOD PROPHECY. This is what the scientists and astronomers have confirmed regarding the coming Asteroid predicted to hit our earth in April of 2029

The events that will follow after Earth has been hit from deep space John the Apostle has listed in Revelation 8:7- 12

1. Forests will burn,
 - ❖ this will rise temperatures never seen before
2. Our water will be contaminated
 - ❖ the impact will trigger all dormant volcanos to erupt some spilling into the rivers and oceans, which will contaminate our water, John wrote many died because the water was made bitter
3. Our ocean will be hit,
 - ❖ the wave of tsunamis to be created will cause water to rise, most Islands will be no more people will die in coastal areas, life in the sea will be destroyed,
4. Heaven will be struck
 - ❖ The smoke from the burning forests, dusts from the impact from the 20,000,000 metric ton of this Asteroid will fill our jet stream, lava from volcanos spilling into the waters ways will generate smoke never seen before, and including methane gases released into the air, there will be much toxic fog.

2months

2 months after earth has been hit from deep space (June 2029)

The world will be in a panic mood, the impact of the Asteroid will shake the entire planet The environment then will force the UN and the developers of Covid 19 vaccines brand it as COVID 29 that need a new vaccination

- ❖ Orders will be given people to stay indoors, keep two meters distance and don't shake hands, as all humans have been affected and none to travel
- ❖ Government should enforce total lock down

4 months

4 months after earth has been hit from deep space (August 2029)

Scientists will have figured out and analyzed the toxic gases, and will try to explain what is happening. Scientists and doctors who work for Satan, will get the perfect opportunity to lie to humans and sell fear never seen before, the fear that was sold in 2020 will be nothing, this fear to be sold you will be afraid of your own shadow, your husband, your wife, your children, your neighbors and parents, if not vaccinated by the new medicine being fronted

A new lock down will be enhanced, no movements, no jobs, you will eat what you stored, all vehicle travel halted and grounded, all banks closed, supermarket shelves empty, no food coming into the cities market, by this time people are becoming desperate, hunger is crippling in, Government is trying to give out help, people in cities and urban towns in dire humanitarian need, your parents in rural homes cant contain you, there is high level of flue, the flue is interpreted as a deadly illness which the cure is yet not available

9 months

9 months after earth has been hit from deep space (December 2030)

People are hopeless, people are dying from pneumonia, TB, HIV, and other illness, but all this deaths are being interpreted as COVID 29 and a new vaccine is being fronted, all Satanists are on the frontline receiving the chip implant.

Year 2030

First meeting is called by Global leaders, the UN, the EU and all powers be, they form one Global force to deal with new threats from space. They appoint the Antichrist to lead the nations, all presidents around the globe join the Antichrist to sign the 7 year peace pack, as the bible says that leaders shall have a firm agreement with many for 7 years, these will be Presidents of earth who will support the New World Order

In that peace agreement there will agreements like?

- ❖ To unite as one global government and fight any other threats from space (anything from space will be the enemy, that is why it will be possible in revelation 19 for all armies to gather to fight with Jesus and his army)
- ❖ None to buy or sell unless vaccinated with the new COVID 29 new chip implant able to enhance ones DNA and make him invisible over space threats (today they are selling Covid 19 able to give us hard immunity)
- ❖ Governments to enforce lock downs and make sure none travels, work, enter shopping malls, attend church, enter banks unless vaccinated and chipped
- ❖ Only those chipped to get help
- ❖ All who refuse to be chipped to be segregated and branded as evil people who want to keep spreading the COVID 29 virus from space

They enforce the 16 articles which John Paul 2 signed

Facts about year 2030

- ❖ There will be no church gathering because we shall refuse the new Covid 29 666 chip implant being fronted, only those vaccinated will be permitted to meet in church Sunday for worship, meaning by year 2030 only Satanist churches will gathers as all will be vaccinated
- ❖ All properties Gods people are heavily building now the real estates, shopping malls, mega churches we shall lose as we shall not manage to apply land rates due to the currency in place

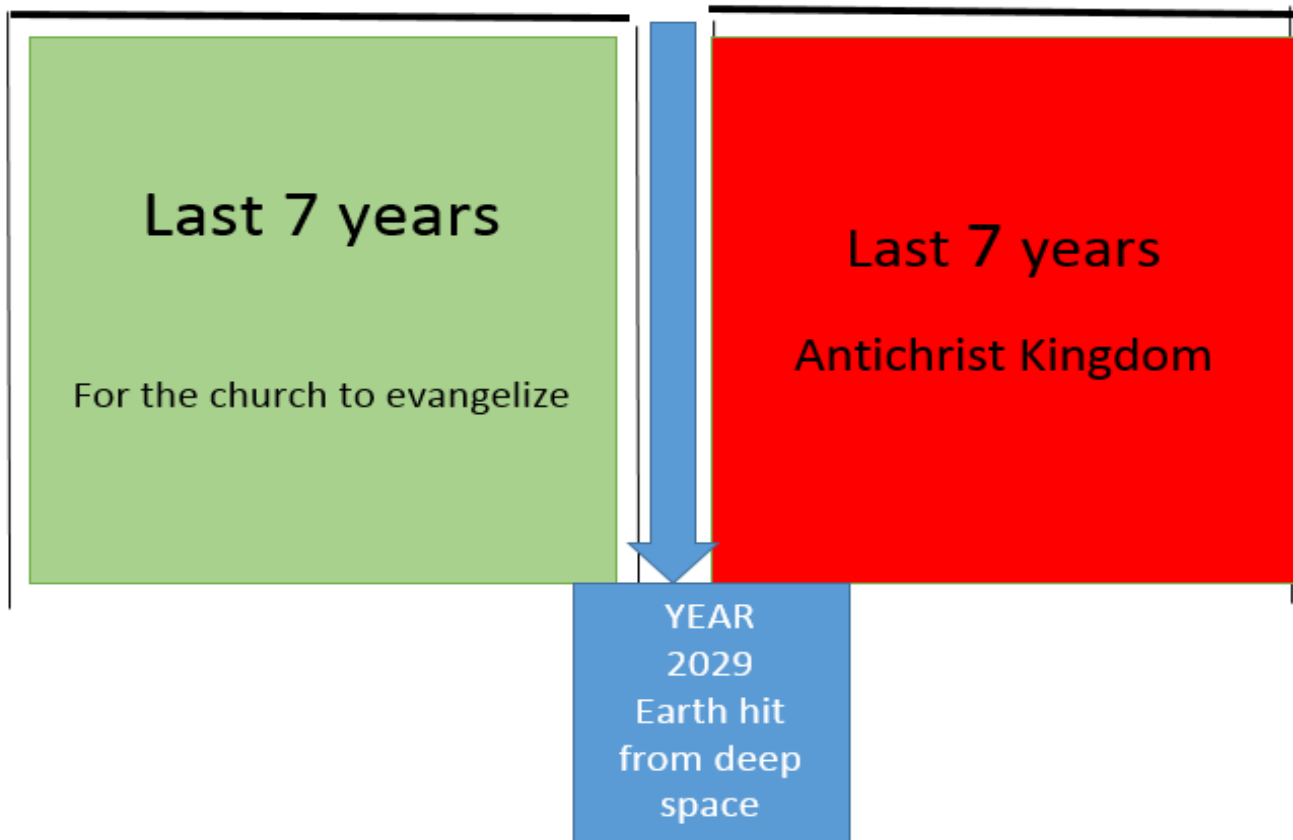

Time remaining to year 2029

- ❖ From Year 2022 to year 2029 we have only 7 years
- ❖ If the church does not capitalize on this 7 years to preach, evangelize, plant churches, we have lost.

Our current timeline

2022 ← → **2029** **2030** ← → **2037**

Forward to a friend

www.kenyagospelfund.org
