# Why we must unite in Prayers of one accord

**In 2018 the lord told me, as the church we must change our approach in battle.**

**We have not achieved much because of praying alone while battling high demonic principalities and powers of Poverty and witchcraft ruling Kenya.**

The lord told me as the church we must adopt the Bees Type of prayer, the lord gave me the example of bees. He told me when bees move together no animal can't stand their path, at this point you can't be praying alone, every family in Kenya in one way or another has been affected direct or indirect with the principality of poverty or the principality of witchcraft. I invite you to join **Kenya Prayer Army**, this is the End time Prayer Army rising in Kenya. # Uniting to Battle Principalities

# & Powers Of Darkness Destroying the Nation Kenya

Through

# Poverty & Witchcraft

A demonic war has been declared over our nation, the only hope is to unite and fight as one force. This is the end time call for the body of Christ in Kenya, unity in prayers for the healing of the nation.

# Understanding the Two Principalities Ruling Kenya

And I saw Four (4) horns (Zechariah 1:18-21)

And I asked the angel who showed me, what are these four horns, the Angel told me these are the Horns that have scattered Judah, Israel and Jerusalem that nobody could lift their head in the land.

Horns in this case represents Principalities and Powers of darkness, just as the 4 Principalities battled and reduced the land of Jerusalem, Judah and Israel to nothing that none could rise their head, so has the Principalities of Poverty and Witchcraft are battling Kenya to destroy it.

Unless these two Principalities ruling Kenya are destroyed, the nation will never be healed from poverty, or witchcraft and either rise to be a spring board for revival

# Understanding the Principality of Poverty

## How it works to destroy the nation through enhanced corruption

- This demonic principality works in the area of Governance and leadership, through empowering leaders in power to steal mercilessly
- It fills our leaders hearts with greed and turns them corrupt, that is why in each financial year billions must be stolen, it is said Kenya loses kshs 2 billion daily
- It inspires leaders to steal mercilessly and makes those who steal to never to be caught and if they are caught there will be a way out with no proper evidence.
- The stealing is meant to create structures for destroying the economy so people might feel the oppression of poverty on a national level and blame God for abandoning them.
- It inspires leaders and business men to import execs goods with no heart to develop local industries
- It causes those in power lack the passion to raise the standard of the low class out of poverty
- It causes those who own rental houses to keep raising rent without feeling the financial crisis people experience
- It inspires manufactures of products and goods to hike prizes and does cause the cost of living go up.
- It reinforces networks of cartels in every sphere of living to keep destroying the economy
- It causes industrialists to pay peanuts their employees while they boast of making billions in each F/Y
- Its main agenda is to reduce the nation to extreme poverty and want, so people might feel the impact of poverty and lack, the aim is to make people become bitter against God and falsely accuse God for a abandoning them.
- It has structured the flow of money to remain with a few, while millions poor continually live from hand to mouth, that is why a report by Oxfam **titled: "Spatial Dimension of Well-being in Kenya: Where are the Poor?"** indicates that nearly half of the Kenyan population (45.2 percent) are living in poverty, the report states that Less than 0.1% of Kenya population (8,300 people) own more wealth than the bottom 99.9% (more than 44 million people). [www.oxfam.org/en/even-it/kenya-extreme-inequality-numbers](http://www.oxfam.org/en/even-it/kenya-extreme-inequality-numbers)
- **The annual wealth report of 2018 by Knight Frank and CFC Stanbic has revealed that only ten Kenyans control assets worth more than Sh500 Billion in Kenya**
- It works to raise poverty levels in the nation, so people can become desperate and give into sinful acts to get money, like prostitution and stealing etc.
- It creates an atmosphere for sin to increase and thrive, when people lack money for daily upkeep they will go to extremes, that is why our young girls now sell their bodies for a living, through social networks, on the streets, young men are being sodomised for a living, its intent is to promote immorality so God may Judge the land
- Works to battle the church never to break poverty levels so the church may lack money to achieve the work of missions

We are trying to plunder the strong man's goods and we haven't bound him yet, we must unite to bind the strong man the PRINCIPALITY OF POVERTY and wealth will be released for all Kenyans to grow out of poverty.

# Understanding the Principality of Witchcraft

## How it works to destroy the nation

### This Principality works in three dimensions

1. It works to initiate leaders in power in Satanism and devil worship
2. It seeks to establish witches and wizards as the main spiritual force in the land, both in government, schools, churches etc
3. It control leaders in government and makes them control the land in witchcraft
4. When leaders are under this control who are Politian's they become blind to the plight of the citizens.
5. When people stand to ask for their right they use force to squash them.
6. It empowers the leaders to create an atmosphere of Fear.
7. It keeps leaders in power in a state of false belief as they are the one privileged to own wealth while the populists are meant to be slaves
8. It works in the political arena by making them reinforce ancestral alters and tribal political groups that hate each other.
9. It sparks political violence and bloodshed so the land can remain under a divine curse due to blood shed
10. It holds those in extreme poverty in fear of rising to demand leaders to be accountable, that is why even when billions are stolen, no one in Kenya has the gut to lead a street protest, Kenyans only discus on social media and then ends there.
11. It is the spirit that incites political violence and bloodshed, it kills persons who are not supposed to die
12. It works against the church to never have a voice in the land. It has caused churches to lose focus on Evangelism, holiness, it works to make the church become corrupt. It hinders the harvest of lost souls, it makes churches have no budget to fund church evangelism.
  - It has scattered intercessors, prayer warriors to never unite in prayers of accord for the release of anew power in the atmosphere
  - It enforces division among men of God and churches, that churches may never have interdenominational rallies and conferences
  - It fights against the call to unite as God people for a divine agenda, as that was the call of Jesus of John 17:21 to the church
  - It empowers and raises false prophets who are improvising Gods children with an endless giving through fake manipulated prophecies.

There was an interview about two years ago on one local TV, when a witch confessed and said they are over one million in Kenya and they meet in strategic places each midnight country wide, where they curse the nation and cast spells on people, and curse churches not to grow.

- War has been declared and no intercessor can win this battle alone! You must join this Prayer Army for a new spiritual combat

## The word of the lord

The Lord said to me as long as these Principalities are ruling Kenya no matter what leadership we elect and put in the place of power, Kenya will never be healed economically, the cycle of stealing and corrupt deals will continue. Even if we change the constitution and amend it, it will do as no good, this is about leaders being captured and controlled by these fallen angels ruling the land.

## Our End time Hope

**We have no choice but to unite and fight as one force in this strategic battle plan.**

## I saw the End Time Demonic Army

It was in 1998 while in a vision of the night, I saw beasts of the forest a large and accountable evil army coming to war Man Kind. God told me that demonic army is coming on earth to overthrow any thing called holy, will corrupt mankind and war against the end time plan of God. I was given a large double Edged Sword and was told to engage the enemy in combat; The Holy Spirit told me, the sword I was given is the end time Apostolic Authority which God has given me and will also be giving to his end time Apostles and servants. In that vision I was the only hope of mankind I stood my ground I fought and destroyed this demonic army. The battle will grow dark, God has sent me to raise for him an Army in Kenya. This is the call, the army is there, I have been sent to unite it and give it the new battle plan for the healing of the land and for the release of the harvest

**Our plan to empower intercessors and Prayer warriors in Kenya**

**To be done through**

**Prayer conference  
Coming to your town**

**We plan to hold prayer rallies in each sub- county as we empower and register members to the Kenya prayer Army**

**Only those registered through the online form will be invited to attend these conferences for an hour of spiritual empowerment**

## How we plan to work.

1. Use TV and Radio to push and ignite all prayer warriors, intercessors, prophetic intercessors, militant strategic intercessors and all praying Christian's in Kenya to be uploaded on the national prayer data base. " 22136"
2. On the website partners will fill the online membership form after which they will receive a monthly E-magazine through Email
3. Healing prayer rallies in each town meant to create awareness of the new battle plan and the digital platform.
4. All to converge on one live TV station and YOUTUBE each Friday as we unite to lift our nation and get guidance on prayers
5. Each week a text to be sent to the prayer army for action in the spirit realm
6. Prayers shall be generated just as bees buzzing against one Principality at a time on a national level.
7. The lord said no Principality will with stand this prayer force once we unite.
8. This will force an open heaven for Kenya for angels to descend and bring blessings
  - Soon we unite in prayer the expected outpouring of power and revival will break forth, churches will get financial funding, mass crusades will burst forth, calls will be released
  - GOD's people Business held by witchcraft will thrive, our economy will be healed, families will be healed and restored and a new harvest will come in.
  - True leaders after Gods heart will rise in the land
  - As false prophets in the land will be exposed
  - As many witches and wizards will convert to Christ.

**Future program:** In Africa we expect in each county one will rise to start e.g Uganda Prayer Army, Tanzania Prayer Army, South Africa Prayer Army, Nigeria Prayer Army, Egypt Prayer Army etc. that after 3 months we shall unite the last Friday of the month across Africa to pray for the move of God and the last wave of harvest to come in. etc.

## The Bee (s) type of prayer

The Holy Spirit revealed to me one bee can't chase an Elephant, many Christians are like a bee trying to fight the elephant of corruption alone in prayer. One Christian is praying against the Principality of Poverty, another Christian is praying for his financial breakthrough, another is praying for visa, our prayers are not coordinated to hit one target. That is why with all the praying in Kenya, we have never broken the defense of corruption or ignited the wave of revival, because our prayers are not coordinated to battle one target a time on a national level. God has sent me to network **A million Prayer Army in Kenya, persons** who will continually unite in combat against these targeted Principalities as one army
